Natural Waves

Gummy salt hairspray is ideal for creating a natural look when styling your hair. It gives a voluminous, matte, naturally curly and messy look like the pre-shower look. It contains natural sea salt. Creatine content, which forms the building block of keratin, helps to nourish and moisturise the hair.

For Braiders

BRAID CONTROL

with MARULA OIL

Gummy Edge Control Wax plays a major role in controlling, fixing and styling baby hair or unruly hair. It controls flyaway and frizzy hair and leaves no residue. It keeps your hair nourished, moisturized, soft and smooth while styling. With its strong hold and long-lasting, it secures the edges of your hair without greasiness, flaking and residue. Thanks to its beeswax content, it traps moisture in the hair and prevents moisture from leaving the hair. Suitable for all hair types
